

## INTENTIONAL HOURLY ROUNDING

### Does your patient...

#### Pain

- have any pain or discomfort at rest or on movement?
- ✓ *provide analgesic/comfort measures*

#### Peri-needs

- need to use the toilet?
- need briefs/pads changed?

#### Position

- need to be turned, repositioned, or mobilized?
- ✓ *assess skin, provide care as needed*

#### Possessions

- have easy access to call bell, water, eye glasses, hearing aids, phone, tissue, and mobility aid?

**Ask** - "Do you need anything before I go?"

**Communicate** - "I, or someone from the team, will be back in about an hour to check on you"

*If patient is sleeping, continue to assess but do not wake unless clinically indicated or previously arranged.*
